## Notice on Rate Increase for Pre-shipment Inspection of Recycling Materials

Since January 1<sup>st</sup>, 2012, the CCIC Group Company started to charge an additional fee of US\$1.50/container (US\$1.00/container for destination re-inspection fees and US\$0.50/container for PSI system processing fees) for certificates issued by CCIC North America Inc. in order to strengthen the destination port re-inspection of imported recycling materials as required by the AQSIQ.

In view of the worldwide economic situation and practicability of implementation of the new charge, CCIC North America Inc. has decided to absorb this extra cost for our customers in 2012. However, CCIC North America Inc. will not be able to shoulder this cost any more, and it is hereby informed that the current inspection rate will be increased by US\$1.50/container effective from January 1<sup>st</sup>, 2013.

Thank you for your understanding and support.
